ORDINANCES ON PUBLIC HEARING, SECOND READING AND FINAL PASSAGE.

President Grant called for ordinances on public hearing, second reading and final passage.

6-Ph, S & F-a.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

Ordinance establishing a recycled product procurement policy.

WHEREAS, the cost of municipal solid waste disposed of within the City of Newark has been increasing annually; and

WHEREAS, sanitary landfill space is at a premium and it is becoming increasingly difficult to site new landfills; and

WHEREAS, it is desirable to reduce the quantity of material to be incinerated; and

WHEREAS, much of the material that enters the solid waste stream can be recycled, reused or incorporated in the manufacture of new products; and

WHEREAS, the City of Newark's participation in and promotion of recycling programs can significantly reduce this volume of material entering the waste stream thereby extending landfill life expectancy, reducing the need for incineration, maximizing conservation and reducing expenses; and

WHEREAS, for recycling programs to be effective, markets must be developed for products that incorporate postconsumer materials in their manufacture, are reusable, or are designed to be recycled; and

WHEREAS, Federal Law (Section 6002 of the Resource Conservation and Recovery Act (RCRA) as amended) requires that local agencies buy recycled products; and

WHEREAS, the US Environmental Protection Agency (EPA) has prepared Guidelines for use by municipalities in meeting the requirements of law.

NOW THEREFORE BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY THAT:

The revised ordinances of the City of Newark are hereby amended by adding the following:

1. Within twelve months subsequent to the effective date of this ordinance, the Purchasing Agent of the City of Newark must conduct a review of existing product and service specifications to determine whether existing specifications either require or exclude the use of recycled products, reusable products, or products designed to be recycled, for use by all department agencies, offices, boards and commissions.

2. In the event that such specifications do exclude the use of recycled products or require the use of virgin materials, then such exclusions or requirements must be eliminated unless the pertinent department or entity can demonstrate to the satisfaction of the Purchasing Agent that these recycled products would not achieve a necessary performance standard.
3. Within the same 12 month period, all City departments and agencies must recommend changes to the Purchasing Agent to ensure that performance standards for particular products can be met and that specifications are not overly stringent, and to recommend changes to ensure that specifications will incorporate a requirement for the use of recycled materials, reusable products, and products designed to be recycled to the maximum extent practicable, subject to an alternative showing that either the performance of the product will be jeopardized or that the product will negatively impact health, safety or operational efficiency.
4. Outside contractors bidding to provide products or services to the city, including printing services, must demonstrate that they will comply with the specifications described in paragraph 3.
5. City staff will work to encourage the copier industry to develop copiers that will accept recycled paper. In addition, recycled paper shall be purchased and used in all copy machines that will accept it.
6. The Purchasing Agent shall purchase only new copiers which are capable of utilizing recycled paper.
7. When recycled products are used, reasonable efforts shall be undertaken to label the products to indicate that they contain recycled materials. City departments and agencies shall use for their mast-head stationery and envelopes recycled paper that includes postconsumer recycled content and indicate on the paper and envelope that they contain recycled material. Other recycled products used by the City shall also indicate that they contain recycled material.
8. Contracts shall be awarded for recycled products, reusable products offered as alternatives to disposable products, and products designed to be recycled where they are offered as alternatives to non-recyclable products. The contract award shall be based on the lowest responsible bid or price quoted by the supplier or suppliers offering recycled products.
9. The City will cooperate to the greatest extent feasible with neighboring city and county governments in an effort to develop a comprehensive, consistent and effective procurement effort intended to stimulate the market for recycled products, reusable products, and products designed to be recycled.

10. All related city departments and agencies shall work cooperatively to further the purposes of the ordinance. The city's economic development process shall incorporate the goal of stimulating the market for recycled material.
11. The Purchasing Agent shall annually specify in an Annual Report, to be filed with the City Clerk, the quantity of RCRA Guideline products with recycled content in terms of their weight and percentage of acquisition in comparison to products without recycled content.

The agreements shall require the timely submission of certified audits of the total project costs and of the annual financial operations of the project, and shall require timely payment of all municipal taxes, fees and charges arising out of the agreement or in any way arising out of the affected property. The agreement shall provide that the failure to comply with the requirements of audit and payment, or with any substantive condition of the Agreement, shall permit the City to unilaterally terminate the Agreement, and/or to exercise such other remedies as may be provided by statute, this Ordinance or the agreement.

The agreement shall further provide for the annual adjustments and the amount of the consideration to be paid to the City as has been determined by the Council at the time of the adoption of this ordinance and has been reflected in the form of the agreement as filed with the City Clerk at that time.

Such bases for annual adjustment may be modified hereafter by adoption of an ordinance for that purpose, at which time the form of those changes will be filed with the City Clerk. Changes made hereafter shall not affect agreements then in existence, but shall only affect agreements approved after the adoption of such change.

b. Annual Adjustment: The annual service charge for projects with an annual service charge based on total project cost and annual gross revenue shall be increased in each year of the period by the amount determined as follows: For each year following the first year of the period, there shall be added the amount calculated as the result of multiplying the annual service charge of the previous year by the percentage that the total tax levy of the municipality for that year has increased over the tax levy of the municipality for the previous year. For purposes of the section "total tax levy" means the total amount of property tax levied for municipal, school and county purposes, as shown in the Table of Aggregates prepared pursuant to R.S. 54:4-52. In any year in which there is no increase in the tax levy, the amount to be added for this purpose shall be zero.

c. Execution of Agreements: Upon authorization by the Municipal Council, it shall be the responsibility of the City Clerk to insure that the agreement is fully executed. No agreement shall be considered to be in force and effect unless and until it has been signed by the developer, the Corporation Counsel and the Mayor, after which it shall be dated certified by the City Clerk by his signature and the affixing of the Municipal Seal.

d. Distribution of Executed Agreements: Once an Agreement has been fully executed, the City Clerk shall be responsible to distribute executed copies thereof to the developer, the Tax Assessor, the Tax Collector, the Manager of the Division of Tax Abatement and Special Taxes the Construction Code Official and the Corporation Counsel. The City Clerk shall retain one executed copy which shall be placed on permanent file within his office, where it shall be available for examination by the public during regular business hours.

During the period while construction is underway, the Tax Assessor, Division of Tax Abatement and Special Taxes and Construction Code Official shall each be responsible to oversee some aspect of the abatement agreement as outlined below.

a. Permits and Inspections: Upon receipt of an executed agreement, the Construction Code Official shall cause permits to be issued upon application by the developer and shall cause inspections of all work activity to be conducted in the manner provided by the City Ordinances. The Construction Code Official shall notify the Division of Tax Abatement and Special Taxes of any failure by the developer to properly apply for permits, to begin construction or to complete construction within the periods set forth in the Agreement. Where permits are issued, the Construction Code Official shall be responsible to notify the Tax Assessor, Tax Collector and the Division of

Tax Abatement and Special Taxes of such issuance.

b. Quarterly Report to Assessment: From the date of the execution of an abatement agreement until the issuance of a permanent Certificate of Occupancy for the entirety of the project, the Construction Code Official shall report to the Tax Assessor each quarter as to the status of permit and construction activity on the project. Upon the total or partial completion of construction, the Construction Code Official shall issue a Certificate of Occupancy in the appropriate form, and shall be responsible that a copy of each such certificate is filed with the Tax Assessor, Tax Collector and the Division of Tax Abatement and Special Taxes.

c. Assessments and Taxes:

In the case of an agreement entered into pursuant to N.J.S.A. 40:55C-40, et. seq. upon receipt of a valid certificate of occupancy for the project, the Tax Assessor shall adjust the assessments to exempt as much or all of the improvements as are reflected in the certificate. Upon receipt of a certificate of occupancy for the entirety of the project, the Tax Assessor shall exempt the assessment for all improvements covered by the agreement during such time as the agreement remains in effect. Assessments for land shall remain in taxable status throughout the entire terms of the agreement.

In the case of an agreement entered into pursuant to N.J.S.A. 55:16-1, et. seq. upon receipt of a valid certificate of occupancy for the project, the Tax Assessor shall adjust the assessment to exempt as much or all of the assessed valuation of both land and improvements as are reflected in the certificate. Upon receipt of a certificate of occupancy for the entirety of the project, the Tax Assessor shall exempt from taxation the total assessment on both land and improvements included within the project.

At any time that the Tax Assessor causes the assessment on the project to be moved, in whole or in part, from taxable to exempt status, he shall so notify the Tax Collector and the Division of Tax Abatement and Special Taxes in writing so as to insure the commencement of such payments in lieu of taxes as are thereby made due.

d. Collection and Audit: Upon receipt of an executed agreement, the Division of Tax Abatement and Special Taxes shall note within their books of account a record of the execution of the agreement and those dates by which construction is to commence and be completed. The Tax Collector and the Division of Tax Abatement and Special Taxes, shall thereafter continue to levy taxes and collect payment therefore on the property until the occurrence of one of the following:

i. In the event that a certificate of occupancy is issued for the property, the Tax Collector shall immediately cease to levy or collect taxes on the portion of the assessed value covered by the certificate and shall instead notify the Division of Tax Abatement and Special Taxes to bill the developer for the estimated amount of payment in lieu of taxes due as indicated in the agreement. Where the agreement is authorized pursuant to N.J.S.A. 40A:55C-40, et. seq., taxes on the value of the land shall continue to be levied and collected.

Where a certificate of occupancy for the entirety of the project is issued, in addition to the steps outlined above, the developer shall submit to the Division of Tax Abatement and Special Taxes two copies of the certified total project cost audit within ninety (90) days from the date of issuance of the certificate of occupancy.

The Division of Tax Abatement and Special Taxes shall review the certified total project cost audit and make a determination as to the acceptability of the said audit. If the audit is deemed unacceptable it shall be performed by the City's designated auditor and said cost shall be borne by the developer. The Division of Tax Abatement and Special Taxes shall be responsible for billing the developer for the cost of the said audit. Once the audit is accepted, if its findings cause any change in the basis to be used in the determination of the payment in lieu of taxes, the Division of Tax Abatement and Special Taxes shall recommend the Law Department prepare a resolution authorizing the amendment of the agreement to reflect that change and shall submit it for approval by the Municipal Council. The Division of Tax Abatement and Special taxes shall also maintain a copy of the approved certified total project cost audit within their permanent files.

Upon adoption of the resolution authorizing amendment to the agreement, the Division of Tax Abatement and Special Taxes shall bill the developer for the cost of the audit services and for such adjustments to the payments as were made on the estimated billings, and thereafter shall bill the developer on the basis of the agreement as amended. The City Clerk shall be responsible to distribute and file executed copies of the agreement as amended in the same manner as set forth for the original agreement.

ii. In the event that the developer fails to commence construction or to complete construction within the times required by the agreement, or fails to make payments due to the City as required by the agreement, or otherwise fails to meet a material condition of the agreement, the Division of Tax Abatement and Special Taxes shall notify the Corporation Counsel of the defect in the performance of the developer. The Corporation Counsel shall thereupon take those steps necessary to terminate the agreement and shall advise the Tax Assessor and the Tax Collector and the Division of Tax Abatement and Special Taxes of the actions to be taken in regards to the levying and collection of taxes and payments in lieu of taxes. The Corporation Counsel shall also be responsible for the preparation of such resolution as necessary to authorize the termination of the agreement. Upon adoption of such resolution, the City Clerk shall be responsible for the filing and distribution of that resolution in the same manner as set forth for the original agreement.

10:11-7 - Administration of Agreements After Construction:

After the completion of construction and the issuance of a final certificate of occupancy, the project shall continue to operate within the terms of the agreement until its termination. The Division of Tax Abatement and Special Taxes shall be responsible to administer the terms of the agreement throughout this period, following the procedures set forth as follows:

If the agreement is authorized pursuant to N.J.S.A. 40:55C-40, et. seq., such bills shall reflect both the taxes due on the value of all land included within the project and all payments in lieu of taxes due on the improvements respectively. In all other cases, the bills shall reflect the payments in lieu required by the agreement. Regardless of the date of issuance, all such bills shall be deemed to have been issued on the first day of each calendar quarter and to be due and payable within thirty calendar days thereafter. Where in lieu payments are to be based on the actual annual financial performance of the project, such quarterly bills shall be payable in an amount estimated to be equal to the actual amounts due in the previous year. In such cases, the developer shall make an additional payment within ninety (90) days after the close of the fiscal year, and such payment shall be the difference between the estimated billing and the adjusted annual service charge which is based upon the actual financial performance of the project including any excess profits due and owing in accordance with N.J.S.A. 40:55C-66. The additional payment by developer shall be submitted, along with a statement by a certified public accountant, attesting that the additional payment was the actual amount due based upon the gross revenue as derived in accordance with N.J.S.A. 40:55C-40, et. seq., and the financial agreement.

All payments due to the City arising out of the agreement which are not paid as of the date due shall be subject to the same charges for penalties and interest as arrears then in effect for non-payment of property taxes.

The Division of Tax Abatement and Special taxes shall accept all payments made pursuant to such billings and shall maintain books of account as to each agreement. Except where otherwise required by law, the Tax Collector and the Division of Tax Abatement and Special Taxes shall apply payments received to amounts due in the following order: amounts due for penalties and interest on taxes; amounts due for payments of taxes; amounts due for penalties and interest for in lieu payments; amounts due for in lieu payments.

In addition to the payment of the annual service charge all owners shall be required to pay an annual administrative fee to the City. This condition shall be included in all deeds to such purchases. The annual administrative fee shall be 2.5% of the annual service charge payable and due on or before December 31st of each year. In the event that the owner fails to pay the annual administrative fee it shall be grounds for the Corporation Counsel to take the necessary steps to terminate owners tax abatement.

b. Annual Audits: Where required by law or where required by the agreement, the developer shall submit an annual certified audit of the financial performance of the project. Such audit shall be submitted each year within ninety days after the end of the fiscal year of the project to the Manager of the Division of Tax Abatement and Special Taxes with a simultaneous copy to the City Clerk for archival purposes. In addition to the submission of the annual certified audit, the developer

shall submit a statement by a certified public accountant attesting to the percentage of excess profits utilized to eliminate any deficiencies pursuant to the provisions of N.J.S.A. 40:55C-66. The Division of Tax Abatement and Special Taxes shall review each audit upon submission and make a determination as to any adjustment required in the in lieu payment and excess profit. The attached Exhibit "A" shall be the approved format to be utilized in the calculation of excess profits.

The audit and the determination of the Division of Tax Abatement and Special Taxes shall then be submitted to the City's designated auditors for their review. If the determination of the Division of the Tax Abatement and Special Taxes is acceptable, it shall be used as the basis of the adjustments due and owing outlined in subsection 7a above. If the determination or the audit is not acceptable, the Division of Tax Abatement and Special Taxes shall notify the developer and the developer shall be responsible to remedy the deficiencies noted and to re-submit their corrected determination for review. As part of this annual audit process, the developer shall be responsible for the payment of a fee to offset the City's cost of review of the audit. Such fee will be in the actual amount incurred by the City to conduct such review, but in no case shall exceed 10% of the annual service charge. This fee shall be billed by the Division of Tax Abatement and Special Taxes as part of the annual service charge and shall be payable under the same terms as that charge.

c. Non-compliance: During the term of the agreement, if the developer fails to comply with the requirements for submission of audits and/or timely payments of amounts due, the Division of Tax Abatement and Special Taxes shall be responsible to enforce the terms of the agreement through the following procedure. Such procedure shall not be the sole remedy permitted to the City, but rather shall be used in addition to such other remedies as may be permitted under law and by the terms of the agreement.

i. In the case where any payment due to the City pursuant to the agreement, whether arising from taxes or payments in lieu of taxes, is in arrears for a period of six months or more, the Division of Tax Abatement and Special Taxes shall notify the developer that unless the total amount due including penalties and interest and subsequent charges, are brought to a current status within a period of thirty (30) days from the date of the notification, the abatement agreement shall be rescinded. If the developer fails to comply with such notice, the Division of Tax Abatement and Special Taxes shall recommend the Law Department prepare a resolution rescinding the agreement, and shall notify the Tax Assessor of the pending actions.

Where any agreement is rescinded in this manner, the developer shall have thirty calendar days to seek reinstatement of the agreement, which shall only be permitted where all performances required of the developer have been made current, and all amounts due and owing have been paid in full. In that case, the Division of Tax Abatement and Special Taxes shall recommend the Law Department to prepare a resolution to restore the agreement for the remainder of its original term.

It shall be the responsibility of the City Clerk to file and distribute approved copies of all resolutions to rescind or restore agreements which arise pursuant to this subsection, doing so in the same manner as set forth for the original executed agreements.

ii. In the event of any non-payment as outlined in section 7ci above, in addition to the remedies outlined therein, the developer in signing the agreement agrees that the City shall have the same rights of liens and foreclosure against the project as through the non-payment were the property taxes. The City may exercise such rights by following the same steps as set forth in law for the collection of delinquent property taxes.

iii. In the case where any audit required to be submitted pursuant to the agreement is delinquent for a period of three months or more from the date due, the Division of Tax Abatement and Special Taxes shall notify the developer that unless the audit is submitted in proper form within thirty days from the date of notification, the abatement agreement shall be rescinded. If the developer fails to comply with the requirements of the notice, the Division of Tax Abatement and Special Taxes shall recommend the Law Department prepare a resolution rescinding the agreement, and after its adoption shall thereafter treat the property as fully taxable.

Where any agreement is rescinded in this manner, the remaining procedure shall be the same as set forth in subsection 7ci above. The City may, however, as its option, choose not to exercise its rights of termination of the agreement for failure to submit a required audit but to cause an equivalent audit to be conducted by qualified personnel under the City's direction. Where this option is chosen, the City shall be empowered to utilize the resulting audit as the basis for billing as if it had been submitted by the developer, and shall further have the right to bill the project, as part of the annual service charge, for the entirety of the cost of conducting such audit, without limit. Use by the City of this option shall not in any way limit the City from exercising its rights of termination of the agreement at any subsequent time.

iv. In the case where the developer fails to comply with any other material provisions of the agreement, the Division of Tax Abatement and Special Taxes shall notify the Council of the defect in the performance of the developer. The Corporation Counsel shall thereupon take those steps necessary to declare the agreement void and such other actions as set forth in subsection (6)((ii).

10:11-8. Tax Abatement Ineligibility

Notwithstanding anything to the contrary, no tax abatement shall be granted for any project seeking the following:

(a) construction or development of a residential condominium project consisting of less than five (5) units.

(b) construction or development of an industrial project.

ORDINANCES ON PUBLIC HEARING, SECOND READING AND FINAL PASSAGE.

President Grant called for ordinances on public hearing, second reading and final passage.

6-Ph, S & F-a.

The City Clerk: The following ordinance was adopted on first reading, advertised in accordance with law and a hearing date set. It is now before you for public hearing, second reading and final passage:

Ordinance establishing a recycled product procurement policy.

WHEREAS, the cost of municipal solid waste disposed of within the City of Newark has been increasing annually; and

WHEREAS, sanitary landfill space is at a premium and it is becoming increasingly difficult to site new landfills; and

WHEREAS, it is desirable to reduce the quantity of material to be incinerated; and

WHEREAS, much of the material that enters the solid waste stream can be recycled, reused or incorporated in the manufacture of new products; and

WHEREAS, the City of Newark's participation in and promotion of recycling programs can significantly reduce this volume of material entering the waste stream thereby extending landfill life expectancy, reducing the need for incineration, maximizing conservation and reducing expenses; and

WHEREAS, for recycling programs to be effective, markets must be developed for products that incorporate postconsumer materials in their manufacture, are reusable, or are designed to be recycled; and

WHEREAS, Federal Law (Section 6002 of the Resource Conservation and Recovery Act (RCRA) as amended) requires that local agencies buy recycled products; and

WHEREAS, the US Environmental Protection Agency (EPA) has prepared Guidelines for use by municipalities in meeting the requirements of law.

NOW THEREFORE BE IT ORDAINED BY THE MUNICIPAL COUNCIL OF THE CITY OF NEWARK, NEW JERSEY THAT:

The revised ordinances of the City of Newark are hereby amended by adding the following:

1. Within twelve months subsequent to the effective date of this ordinance, the Purchasing Agent of the City of Newark must conduct a review of existing product and service specifications to determine whether existing specifications either require or exclude the use of recycled products, reusable products, or products designed to be recycled, for use by all department agencies, offices, boards and commissions.

December 19, 1990

2. In the event that such specifications do exclude the use of recycled products or require the use of virgin materials, then such exclusions or requirements must be eliminated unless the pertinent department or entity can demonstrate to the satisfaction of the Purchasing Agent that these recycled products would not achieve a necessary performance standard.
3. Within the same 12 month period, all City departments and agencies must recommend changes to the Purchasing Agent to ensure that performance standards for particular products can be met and that specifications are not overly stringent, and to recommend changes to ensure that specifications will incorporate a requirement for the use of recycled materials, reusable products, and products designed to be recycled to the maximum extent practicable, subject to an alternative showing that either the performance of the product will be jeopardized or that the product will negatively impact health, safety or operational efficiency.
4. Outside contractors bidding to provide products or services to the city, including printing services, must demonstrate that they will comply with the specifications described in paragraph 3.
5. City staff will work to encourage the copier industry to develop copiers that will accept recycled paper. In addition, recycled paper shall be purchased and used in all copy machines that will accept it.
6. The Purchasing Agent shall purchase only new copiers which are capable of utilizing recycled paper.
7. When recycled products are used, reasonable efforts shall be undertaken to label the products to indicate that they contain recycled materials. City departments and agencies shall use for their mast-head stationery and envelopes recycled paper that includes postconsumer recycled content and indicate on the paper and envelope that they contain recycled material. Other recycled products used by the City shall also indicate that they contain recycled material.
8. Contracts shall be awarded for recycled products, reusable products offered as alternatives to disposable products, and products designed to be recycled where they are offered as alternatives to non-recyclable products. The contract award shall be based on the lowest responsible bid or price quoted by the supplier or suppliers offering recycled products.
9. The City will cooperate to the greatest extent feasible with neighboring city and county governments in an effort to develop a comprehensive, consistent and effective procurement effort intended to stimulate the market for recycled products, reusable products, and products designed to be recycled.

10. All related city departments and agencies shall work cooperatively to further the purposes of the ordinance. The city's economic development process shall incorporate the goal of stimulating the market for recycled material.
11. The Purchasing Agent shall annually specify in an Annual Report, to be filed with the City Clerk, the quantity of RCRA Guideline products with recycled content in terms of their weight and percentage of acquisition in comparison to products without recycled content.

The agreements shall in all cases further provide that any change made in the ownership of the project or which would materially change the terms of the agreement shall under the agreement be void unless approved by the Municipal Council by resolution. The agreements shall require the timely submission of certified audits of the total project costs and of the annual financial operations of the project, and shall require timely payment of all municipal taxes, fees and charges arising out of the agreement or in any way arising out of the affected property. The agreement shall provide that the failure to comply with the requirements of audit and payment, or with any substantive condition of the Agreement, shall permit the City to unilaterally terminate the Agreement, and/or to exercise such other remedies as may be provided by statute, this Ordinance or the agreement.

The agreement shall further provide for the annual adjustments and the amount of the consideration to be paid to the City as has been determined by the Council at the time of the adoption of this ordinance and has been reflected in the form of the agreement as filed with the City Clerk at that time.

Such bases for annual adjustment may be modified hereafter by adoption of an ordinance for that purpose, at which time the form of those changes will be filed with the City Clerk. Changes made hereafter shall not affect agreements then in existence, but shall only affect agreements approved after the adoption of such change.

b. Annual Adjustment: The annual service charge for projects with an annual service charge based on total project cost and annual gross revenue shall be increased in each year of the period by the amount determined as follows: For each year following the first year of the period, there shall be added the amount calculated as the result of multiplying the annual service charge of the previous year by the percentage that the total tax levy of the municipality for that year has increased over the tax levy of the municipality for the previous year. For purposes of the section "total tax levy" means the total amount of property tax levied for municipal, school and county purposes, as shown in the Table of Aggregates prepared pursuant to R.S. 54:4-52. In any year in which there is no increase in the tax levy, the amount to be added for this purpose shall be zero.

c. Execution of Agreements: Upon authorization by the Municipal Council, it shall be the responsibility of the City Clerk to insure that the agreement is fully executed. No agreement shall be considered to be in force and effect unless and until it has been signed by the developer, the Corporation Counsel and the Mayor, after which it shall be dated certified by the City Clerk by his signature and the affixing of the Municipal Seal.

The Construction Code Official shall notify the Division of Tax Abatement and Special Taxes of any failure by the developer to properly apply for permits, to begin construction or to complete construction within the periods set forth in the Agreement. Where permits are issued, the Construction Code Official shall be responsible to notify the Tax Assessor, Tax Collector and the Division of Tax Abatement and Special Taxes of such issuance.

b. Quarterly Report to Assessment: From the date of the execution of an abatement agreement until the issuance of a permanent Certificate of Occupancy for the entirety of the project, the Construction Code Official shall report to the Tax Assessor each quarter as to the status of permit and construction activity on the project. Upon the total or partial completion of construction, the Construction Code Official shall issue a Certificate of Occupancy in the appropriate form, and shall be responsible that a copy of each such certificate is filed with the Tax Assessor, Tax Collector and the Division of Tax Abatement and Special Taxes.

c. Assessments and Taxes:

In the case of an agreement entered into pursuant to N.J.S.A. 40:55C-40, et. seq. upon receipt of a valid certificate of occupancy for the project, the Tax Assessor shall adjust the assessments to exempt as much or all of the improvements as are reflected in the certificate. Upon receipt of a certificate of occupancy for the entirety of the project, the Tax Assessor shall exempt the assessment for all improvements covered by the agreement during such time as the agreement remains in effect. Assessments for land shall remain in taxable status throughout the entire terms of the agreement.

In the case of an agreement entered into pursuant to N.J.S.A. 55:16-1, et. seq. upon receipt of a valid certificate of occupancy for the project, the Tax Assessor shall adjust the assessment to exempt as much or all of the assessed valuation of both land and improvements as are reflected in the certificate. Upon receipt of a certificate of occupancy for the entirety of the project, the Tax Assessor shall exempt from taxation the total assessment on both land and improvements included within the project.

At any time that the Tax Assessor causes the assessment on the project to be moved, in whole or in part, from taxable to exempt status, he shall so notify the Tax Collector and the Division of Tax Abatement and Special Taxes in writing so as to insure the commencement of such payments in lieu of taxes as are thereby made due.

d. Collection and Audit: Upon receipt of an executed agreement, the Division of Tax Abatement and Special Taxes shall note within their books of account a record of the execution of the agreement and those dates by which construction is to commence and be completed. The Tax Collector and the Division of Tax Abatement and Special Taxes, shall thereafter continue to levy taxes and collect payment therefore on the property until the occurrence of one of the following:

i. In the event that a certificate of occupancy is issued for the property, the Tax Collector shall immediately cease to levy or collect taxes on the portion of the assessed value covered by the certificate and shall instead notify the Division of Tax Abatement and Special Taxes to bill the developer for the estimated amount of payment in lieu of taxes due as indicated in the agreement. Where the agreement is authorized pursuant to N.J.S.A. 40A:55C-40, et. seq., taxes on the value of the land shall continue to be levied and collected.

Where a certificate of occupancy for the entirety of the project is issued, in addition to the steps outlined above, the developer shall submit to the Division of Tax Abatement and Special Taxes two copies of the certified total project cost audit within ninety (90) days from the date of issuance of the certificate of occupancy.

The Division of Tax Abatement and Special Taxes shall review the certified total project cost audit and make a determination as to the acceptability of the said audit. If the audit is deemed unacceptable it shall be performed by the City's designated auditor and said cost shall be borne by the developer. The Division of Tax Abatement and Special Taxes shall be responsible for billing the developer for the cost of the said audit. Once the audit is accepted, if its findings cause any change in the basis to be used in the determination of the payment in lieu of taxes, the Division of Tax Abatement and Special Taxes shall recommend the Law Department prepare a resolution authorizing the amendment of the agreement to reflect that change and shall submit it for approval by the Municipal Council. The Division of Tax Abatement and Special taxes shall also maintain a copy of the approved certified total project cost audit within their permanent files.

Upon adoption of the resolution authorizing amendment to the agreement, the Division of Tax Abatement and Special Taxes shall bill the developer for the cost of the audit services and for such adjustments to the payments as were made on the estimated billings, and thereafter shall bill the developer on the basis of the agreement as amended. The City Clerk shall be responsible to distribute and file executed copies of the agreement as amended in the same manner as set forth for the original agreement.

ii. In the event that the developer fails to commence construction or to complete construction within the times required by the agreement, or fails to make payments due to the City as required by the agreement, or otherwise fails to meet a material condition of the agreement, the Division of Tax Abatement and Special Taxes shall notify the Corporation Counsel of the defect in the performance of the developer. The Corporation Counsel shall thereupon take those steps necessary to terminate the agreement and shall advise the Tax Assessor and the Tax Collector and the Division of Tax Abatement and Special Taxes of the actions to be taken in regards to the levying and collection of taxes and payments in lieu of taxes. The Corporation Counsel shall also be responsible for the preparation of such resolution as necessary to authorize the termination of the agreement. Upon adoption of such resolution, the City Clerk shall be responsible for the filing and distribution of that resolution in the same manner as set forth for the original agreement.

10:11-7 - Administration of Agreements After Construction:

After the completion of construction and the issuance of a final certificate of occupancy, the project shall continue to operate within the terms of the agreement until its termination. The Division of Tax Abatement and Special Taxes shall be responsible to administer the terms of the agreement throughout this period, following the procedures set forth as follows:

December 19, 1990

a: Billing and Payment: Throughout the term of the agreement, the Tax Collector shall bill annually and the Division of Tax Abatement and Special Taxes shall bill the developer each quarter. If the agreement is authorized pursuant to N.J.S.A. 40:55C-40, et. seq., such bills shall reflect both the taxes due on the value of all land included within the project and all payments in lieu of taxes due on the improvements respectively. In all other cases, the bills shall reflect the payments in lieu required by the agreement. Regardless of the date of issuance, all such bills shall be deemed to have been issued on the first day of each calendar quarter and to be due and payable within thirty calendar days thereafter. Where in lieu payments are to be based on the actual annual financial performance of the project, such quarterly bills shall be payable in an amount estimated to be equal to the actual amounts due in the previous year. In such cases, the developer shall make an additional payment within ninety (90) days after the close of the fiscal year, and such payment shall be the difference between the estimated billing and the adjusted annual service charge which is based upon the actual financial performance of the project including any excess profits due and owing in accordance with N.J.S.A. 40:55C-66. The additional payment by developer shall be submitted, along with a statement by a certified public accountant, attesting that the additional payment was the actual amount due based upon the gross revenue as derived in accordance with N.J.S.A. 40:55C-40, et. seq., and the financial agreement.

All payments due to the City arising out of the agreement which are not paid as of the date due shall be subject to the same charges for penalties and interest as arrears then in effect for non-payment of property taxes.

The Division of Tax Abatement and Special taxes shall accept all payments made pursuant to such billings and shall maintain books of account as to each agreement. Except where otherwise required by law, the Tax Collector and the Division of Tax Abatement and Special Taxes shall apply payments received to amounts due in the following order: amounts due for penalties and interest on taxes; amounts due for payments of taxes; amounts due for penalties and interest for in lieu payments; amounts due for in lieu payments.

In addition to the payment of the annual service charge all owners shall be required to pay an annual administrative fee to the City. This condition shall be included in all deeds to such purchases. The annual administrative fee shall be 2.5% of the annual service charge payable and due on or before December 31st of each year. In the event that the owner fails to pay the annual administrative fee it shall be grounds for the Corporation Counsel to take the necessary steps to terminate owners tax abatement.

b. Annual Audits: Where required by law or where required by the agreement, the developer shall submit an annual certified audit of the financial performance of the project. Such audit shall be submitted each year within ninety days after the end of the fiscal year of the project to the Manager of the Division of Tax Abatement and Special Taxes with a simultaneous copy to the City Clerk for archival purposes. In addition to the submission of the annual certified audit, the developer

December 19, 1990

shall submit a statement by a certified public accountant attesting to the percentage of excess profits utilized to eliminate any deficiencies pursuant to the provisions of N.J.S.A. 40:55C-66. The Division of Tax Abatement and Special Taxes shall review each audit upon submission and make a determination as to any adjustment required in the in lieu payment and excess profit. The attached Exhibit "A" shall be the approved format to be utilized in the calculation of excess profits.

The audit and the determination of the Division of Tax Abatement and Special Taxes shall then be submitted to the City's designated auditors for their review. If the determination of the Division of the Tax Abatement and Special Taxes is acceptable, it shall be used as the basis of the adjustments due and owing outlined in subsection 7a above. If the determination or the audit is not acceptable, the Division of Tax Abatement and Special Taxes shall notify the developer and the developer shall be responsible to remedy the deficiencies noted and to re-submit their corrected determination for review. As part of this annual audit process, the developer shall be responsible for the payment of a fee to offset the City's cost of review of the audit. Such fee will be in the actual amount incurred by the City to conduct such review, but in no case shall exceed 10% of the annual service charge. This fee shall be billed by the Division of Tax Abatement and Special Taxes as part of the annual service charge and shall be payable under the same terms as that charge.

c. Non-compliance: During the term of the agreement, if the developer fails to comply with the requirements for submission of audits and/or timely payments of amounts due, the Division of Tax Abatement and Special Taxes shall be responsible to enforce the terms of the agreement through the following procedure. Such procedure shall not be the sole remedy permitted to the City, but rather shall be used in addition to such other remedies as may be permitted under law and by the terms of the agreement.

i. In the case where any payment due to the City pursuant to the agreement, whether arising from taxes or payments in lieu of taxes, is in arrears for a period of six months or more, the Division of Tax Abatement and Special Taxes shall notify the developer that unless the total amount due including penalties and interest and subsequent charges, are brought to a current status within a period of thirty (30) days from the date of the notification, the abatement agreement shall be rescinded. If the developer fails to comply with such notice, the Division of Tax Abatement and Special Taxes shall recommend the Law Department prepare a resolution rescinding the agreement, and shall notify the Tax Assessor of the pending actions.

Where any agreement is rescinded in this manner, the developer shall have thirty calendar days to seek reinstatement of the agreement, which shall only be permitted where all performances required of the developer have been made current, and all amounts due and owing have been paid in full. In that case, the Division of Tax Abatement and Special Taxes shall recommend the Law Department to prepare a resolution to restore the agreement for the remainder of its original term.

It shall be the responsibility of the City Clerk to file and distribute approved copies of all resolutions to rescind or restore agreements which arise pursuant to this subsection, doing so in the same manner as set forth for the original executed agreements.

ii. In the event of any non-payment as outlined in section 7ci above, in addition to the remedies outlined therein, the developer in signing the agreement agrees that the City shall have the same rights of liens and foreclosure against the project as through the non-payment were the property taxes. The City may exercise such rights by following the same steps as set forth in law for the collection of delinquent property taxes.

iii. In the case where any audit required to be submitted pursuant to the agreement is delinquent for a period of three months or more from the date due, the Division of Tax Abatement and Special Taxes shall notify the developer that unless the audit is submitted in proper form within thirty days from the date of notification, the abatement agreement shall be rescinded. If the developer fails to comply with the requirements of the notice, the Division of Tax Abatement and Special Taxes shall recommend the Law Department prepare a resolution rescinding the agreement, and after its adoption shall thereafter treat the property as fully taxable.

Where any agreement is rescinded in this manner, the remaining procedure shall be the same as set forth in subsection 7ci above. The City may, however, as its option, choose not to exercise its rights of termination of the agreement for failure to submit a required audit but to cause an equivalent audit to be conducted by qualified personnel under the City's direction. Where this option is chosen, the City shall be empowered to utilize the resulting audit as the basis for billing as if it had been submitted by the developer, and shall further have the right to bill the project, as part of the annual service charge, for the entirety of the cost of conducting such audit, without limit. Use by the City of this option shall not in any way limit the City from exercising its rights of termination of the agreement at any subsequent time.

iv. In the case where the developer fails to comply with any other material provisions of the agreement, the Division of Tax Abatement and Special Taxes shall notify the Council of the defect in the performance of the developer. The Corporation Counsel shall thereupon take those steps necessary to declare the agreement void and such other actions as set forth in subsection (6)(ii).

10:11-8. Tax Abatement Ineligibility

Notwithstanding anything to the contrary, no tax abatement shall be granted for any project seeking the following:

(a) construction or development of a residential condominium project consisting of less than five (5) units.

(b) construction or development of an industrial project.
